OPENMP ASSIGNMENT 5   **22/03/2023**

Write an OpenMP program for shared memory and a distributed (MPI) program for distributed memory architecture to implement:

For roll no 1 to 25: Prims Algorithm

For roll no 26 to 50: Floyd's Algorithm

For roll no 51 to 75: Breadth First Search Algorithm

For roll no 76 to 100: Depth First Search Algorithm

For roll no 100 onwards and BT18CSE012: Johnson's Algorithm
